Foreword

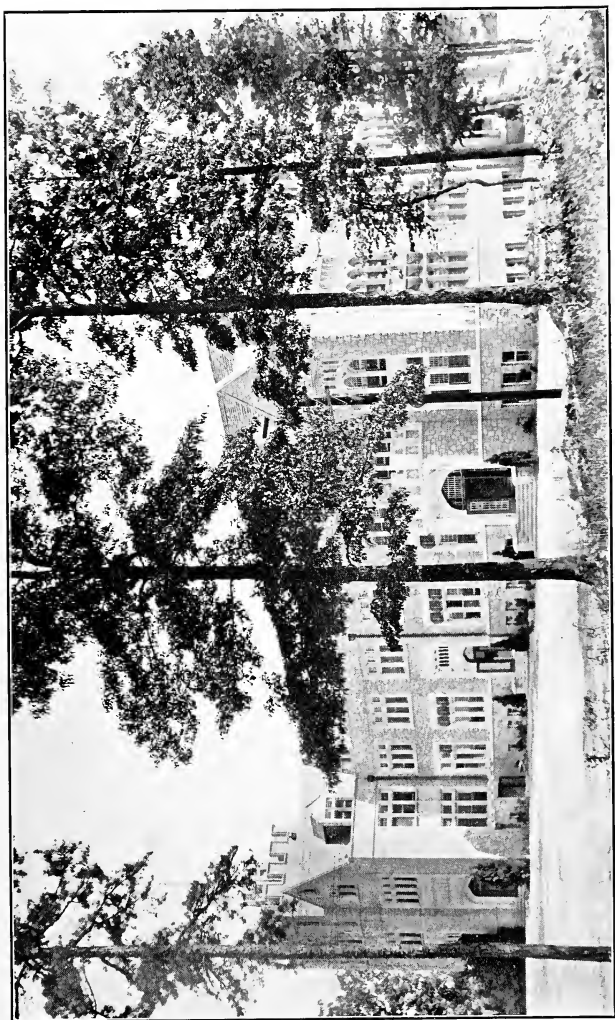

This edition of "THE YAMACRAW" is offered as an appreciation of the past year at our Alma Mater. It is our sincere desire to portray the interesting events of our college days, with the additional hope of arousing in the hearts of the alumni the happy thoughts reminiscences of former days, and of inspiring within the student body a broader and more progressive spirit for a still greater Oglethorpe.

IN MEMORY OF
DR. J. CHESTON KING

the first Secretary of the Board of Directors of Oglethorpe University, of the Executive Committee, and the only surviving member still in active service of the first group of officers of the Board and Executive Committee—whose recent death in Atlanta, Ga., brought great sorrow to all of the friends of Oglethorpe University. Dr. and Mrs. King were the donors of the King Library of English Literature, consisting of some seventeen thousand volumes and pamphlets, comprising a complete library of English scholarship, of Professor Vieter of Germany, purchased by them for the University.

The Opportunity of The Lowry School of Banking and Commerce

By Oscar Wells

President American Bankers Association

No greater demand confronts American education today than that it apply an increasing part of its effort to developing more exact understanding and a more scientific training and attitude among those who intend to devote themselves to business careers, whether on the financial or on the commercial side. The intellectual requirements of business are fast rising in all directions to the Lowry School of Banking and Commerce to meet one of the great needs of the day, to perform great services not only to those fortunate enough to participate in its courses but also to the general public, are immeasurable.

It has been said that the distinguishing element of a profession are that it requires special training and the possession of demonstrated ability as pre-requisites to admission to its ranks, that all its members observe certain high and established standards in carrying on their work and that they constantly endeavor to attain ever higher ideals and standards of service. In banking and commerce, consciously and unconsciously, these very elements are daily looming larger and are giving business to an increasing degree the aspects of a profession. It is essential that into this development the best academic spirit be brought and developed along the lines of practical success in the country's business activities. The Lowry School is therefore a sign of the progress and the aspirations of American business today.

The Opportunity of The Lowry School of Banking and Commerce

By J. H. Porter

Director of Lowry National Bank

Colonel Robert J. Lowry was born in Greenville, Tennessee, when that little town was linked with the rest of the world by stage coach only. He never attended school after the age of twelve years, but went into business. He came to Atlanta just before the Civil War and with his father established a wholesale grocery business known as W. M. & R. J. Lowry, which evolved into a private bank, and later into THE LOWRY NATIONAL BANK, nationally known.

Although universally successful—Colonel Lowry having been president of the AMERICAN BANKERS ASSOCIATION, the most powerful body of financiers in the world—he realized the advantages that special training would afford in the field of banking and commerce and was largely instrumental in the establishment of the AMERICAN INSTITUTE OF BANKING which affords an opportunity for special study to young bank clerks.

It was with the idea that the youth of the South desiring training of this kind, might be afforded, at home, an opportunity to fit themselves for the business of banking and commerce, that Mrs Emma Markham Lowry, his widow, left a bequest for the establishment of the THE ROBERT J. AND EMMA MARKHAM LOWRY SCHOOL OF BANKING AND COMMERCE at Oglethorpe University.

It is intended the curriculum of such a school shall furnish a foundation in English, Geography, Mathematics, Economics and Accounting, and a course in Business Law. It will be readily seen what advantage a specialized course of this kind will be to the young banker and business man and what a fitting memorial to the donors.

The Opportunity of The Lowry School of Banking and Commerce

By Charles E. Mitchell

President of National City Bank

New York City

I have a great reverence for that great banker of the South, Colonel Robert J. Lowry, who, in addition to his duties devoted a quarter century to the upbuilding of the American Bankers' Association,—and for his wife, Emma Markham Lowry, who, upon her death, bequeathed her all for the establishment of this school of banking and commerce.

It is always a problem in a large industrial plant or banking institution to give to the specialized worker a proper understanding of the business as a whole and the relativity of the part played by his own work. The necessary specialization leads to a certain narrowness of view that is pitiful for all. The simplest remedy for this state of confusion would seem to be to give all power to some overhead authority, but this plan would never succeed.

The only way is the education of the people to a better understanding of the voluntary system by which we work together to satisfy our wants. We cannot abandon the voluntary system.

There is a great need for these schools in which commerce, industry and the various features of business are the special subjects of study. Knowing as I do the importance which the founder of this school, Colonel Lowry, attached to a sound banking and currency system. I do not doubt that the desire to establish a permanent source of wholesome influence upon this subject was one of the dominant motives of this benefaction.

The Opportunity of The Lowry School of Banking and Commerce

By John K. Ottley

President of Fourth National Bank

The opportunity of THE LOWRY SCHOOL OF BANKING AND COMMERCE is as boundless as the vision and spirit of the great souls who made it possible, and the fulfillment of this opportunity will sound the faith, courage and zeal of everyone upon whom is laid any responsibility touching it.

It has the opportunity to serve the interests of the world by becoming a spring from which will flow the pure clear knowledge of economic principles so vital to human welfare and advancement. A tremendous handicap to humanity today, individually and collectively, is the widespread lack of this knowledge; the highest hope for peace, prosperity and true betterment lies in the dissemination of those principles, which are universal in scope and applicable alike to individuals, institutions, peoples and nations.

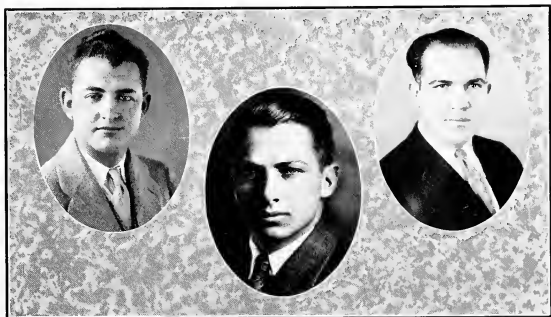

It has the opportunity to broaden the lives of the students it will enroll, and to open the doors of opportunity wider to them; to fashion of them the leadership of which the vast and complex modern organization stands in such crying need; and to make of them the instruments for the further spreading of the school's far-reaching influence.

It has the opportunity to lift the ideals and broaden the visions of our generation ad generations to come by perpetuating the memory and emblazoning the example of the great man and woman to whom we owe the school's existence—Colonel Robert J. Lowry and Mrs. Emma Markham Lowry. The embodiment of the noblest and best in manhood and womanhood, adorning our citizenship and our business life, they have set a pattern, not merely in the magnificent gift out of which this school is born, but in their fruitful lives of service and purpose and accomplishment, to impress which upon countless multitudes through untold years is the priceless heritage and peculiar privilege of the Lowry School of Banking and Commerce.

Appreciation

The class of 1926 wishes to take this opportunity to thank Messrs. Oscar Wells, J. H. Porter, Charles E. Mitchell and John K. Ottley for their articles on "The Opportunity of the Lowry School of Banking and Commerce."

THE SHADOW PICTURES

The shadow pictures on the following Senior pages give the high points in the development of Oglethorpe University.

JOHN DAVID BAXTER—Atlanta, Ga.
A.B. COMMERCE
Alpha Lambda Tau

"No one knows a thing for sure until he tells it to some one else."

Vice President Student Body, '26; Student Faculty Committee, '26; Debating Council, '26; Track Team, '23, '24, '25, '26; Fencing Team, '26.

J. D. came to Oglethorpe from Tech High school. He continued his work with the Southern Railway from 10 P. M. until 6 A. M. while doing classroom work from 8:30 A. M. until 3:15 P. M. Anyone of this caliber well deserves credit for achievement. There are few men who would tackle such proposition but J. D. has done even more and engaged in several student activities. He has become one of the most popular students in the University.

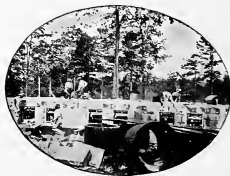

MARY ELLIOTT BOGLE—Atlanta, Ga.
A.B. LITERATURE and JOURNALISM
Zeta Tau

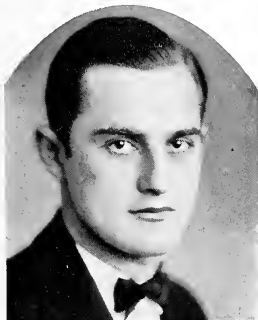

*"True as a needle to the pole
Or the dial to the sun."*

Players Club, '25, '26, Alpha Kappa Literary Society, '25, Petrel Staff, '25, '26.

"Bo" has always been a favorite, and we missed her so much when she was away this fall recuperating from her "auto racing." She has been with us only two years, coming from Randolph-Macon in 1924, but that has been long enough for every one to learn to love her. Well do we all remember "Bo" and her "fifteen cents a mile" walks with certain personages of Oglethorpe fame, and her shrill cry of "Where is my child?" from the plays of last year. Taken all in all a more all-round girl cannot be found.

Y

WILLIAM GIBSON BROADHURST—Fitzgerald, Ga.
A.B. COMMERCE
Non Frat Club

"Great men advance slowly."
Manager of Glee Club, 25.

Broadhurst had a reputation for being lazy at Oglethorpe. This was shown by his winning the place as the laziest student on the campus in the Who's Who contest for two consecutive times, but he lacked a lot of having a monopoly on laziness. Those who know him best also know that he was one of the most clever students at the University and was blessed with an unusual amount of common sense. Another fine trait which Broadhurst possessed was his good nature. He was never known to be mad and was always ready for a little fun.

THAD MARION BUCHANAN—Tate, Ga.
A.B. COMMERCE
Sigma Nu

"Wise to resolve and patient to perform"
Baseball, '24, '25, '26; Annual Staff, '26.

A quiet, unassuming gentleman hailing from the marble city of Tate, Ga. As sturdy in character as the tallest mountain of his home town. As true a friend and as staunch as the stillly depth of any magnificent quarry which surrounds the home in which he was reared. A wonderful asset to any college. A more wonderful tribute to humanity.

"Buck" is quiet, yet a go-getter. He is a member of the Masonic club, and one of the best liked students at the University.

Y

ESTHER COOPER (Mrs.)—Atlanta, Ga.
A.B. COMMERCE

*"A word of wit, a heart of pure gold,
A brilliant mind, are her's, we're told."*

"Ma" entered with the freshman in 1923 determined to see the four years through. She faithfully endured her freshman year and by the second year distinguished herself enough to win a covered Coat-of-Arms sweater. Mrs. Cooper is a talented writer, although few of us know it. She has worked long and well and is completing her course in three years. None of us will ever forget the discussion in class between the "fossors" and Mrs. Cooper just as we will all remember a courageous little woman who well deserves the praise she has earned.

CHARLES WARREN CORLESS—LaGrange, Ga.
A.B. SCIENCE
Delta Sigma Phi

*"The men who do things, and not the men
who merely talk about things, are those who
bless the world."*

Art Editor, Yamacraw Staff, '26; Football, '22 '23, '24, '25; Manager Baseball, '24; President Players Club, '26; President Sigma Lambda, '26; Student Instructor, Physics, '25, '24, '25, '26; Student Instructor, Chemistry, '24, '25; President Freshman Class, '23; President Sophomore Class, '24; Secretary Junior Class, '25; Vice-President Senior Class '26; President Student Body, '26; Student Faculty Committee, '26; Blue Key Fraternity, (honorary); Boat's Head, (honorary).

A powerful will for what was right, a brilliant mind and physical specimen and then you are speaking of "Chuck."

Y

JAMES EDWIN CRABB—Rockmart, Ga.
A.B. COMMERCE
Non-Frat Club

"By right thinking does the race grow."
Orchestra, '23, '24, '25.

"Jimmie came to Oglethorpe from Tech in 1923 and during his three years stay has proven himself a diligent student in commerce. It is said by those who have been fortunate enough to see Crabb asleep, that he is a very quiet sleeper, but how must the rest of us take this?

Crabb says his ambition is to be able to put C. P. A. after his name, and if we were of a betting nature, we would consider stakes placed on Crabb an investment instead of a gamble. Crabb, also, has a "secret sorrow" in the form of a Co-Ed, but this is not generally known.

THELMA ELIZABETH DOYAL—Atlanta, Ga.
A.B. LITERATURE and JOURNALISM

*"Her music in my heart I bore
Long after it was heard no more."*

Players Club, '21, '25, '26.

Thelma is a great exponent of a well known trio—"Shorty" "Perk" and Oglethorpe. Thelma came to Oglethorpe with much prestige as the little sister of the famous "Shorty" Doyal, coach of Boy's High. All the Stormy Petrels that prepped there hail her as a hearty good fellow. Oglethorpe wouldn't be complete without the Thelma—"Perk" romance to furnish it local color. Thelma is one of the most loyal Petrels on the campus and is always willing to boost her Alma Mater.

The girl that can beat Thelma playing a violin is yet to be found.

Y

LEILA PEARL ELDER—Atlanta, Ga.
A.B. EDUCATION
Zeta Tau

"Hate may animate, but only love inspires."

President Alpha Kappa Literary, '25, '26; Secretary Players' Club, '26; Co-Ed Mother, '26; Yamacraw Staff, '26; Inter-Sorority Council, '26; President Girls' High Club, '24, '25, '26; Blue Key Fraternity (honorary).

Leila entered Oglethorpe from Brenau College in 1923. She was taken in by the other girls at once as a leader and has held many high honors during her three years at Oglethorpe. Leila has probably held as many, if not more honors, than any Co-ed. She has a most pleasing disposition and counts every student at Oglethorpe as her friend. This year she won the coveted coat-of-arms sweater and was elected into membership of the Phi Kappa Delta (honorary) fraternity.

NETTIE FEAGIN—Atlanta, Ga.
A.B. LITERATURE and JOURNALISM
Chi Omega

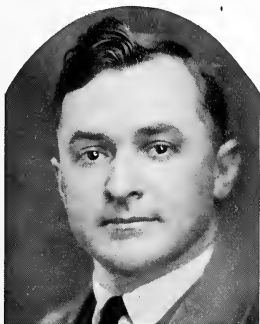

*"None know her but to love her
None name her but to praise."*

Alpha Kappa Literary Society, '25; Petrel Staff '25, '26; Phi Kappa Delta (honorary).

Ambition and ability, linked with personality and pleasing appearance, describe Nettie's qualities to a "T". Besides these, she possesses the rare gift of being able to keep a secret. For a whole year we racked our brain in a violent effort to find out his name but all was in vain. Nettie's academic record has been impeccable, having made Phi Kappa Delta (honorary) fraternity, while at the same time she has taken an active part in other activities on the campus. With the combination of her pep and ability, Nettie is bound to succeed in life.

Y

E. L. FICQUETT—Covington, Ga.
A.B. EDUCATION

"He speaketh not; and yet there lies a conversation in his eyes."

Ficquett valued an Oglethorpe diploma so highly that he came all the way from Covington, Ga. every Wednesday to hear an hour lecture in Cosmic history so as to be able to complete his A.B. degree and receive his diploma with the class of 1926.

He was known by very few students this year, but those who did know him held him high in their opinion of a student. His many duties did not afford him time to mix and mingle with the students.

EARL C. GAY—San Antonio, Texas
A.B. SCIENCE
Delta Sigma Phi

"On ethics you cannot better the Golden Rule."

LeConte Club; Players' Club, '24, '25, '26.

When Earl came to Oglethorpe in 1922 from Biloxi, Mississippi, he showed signs of a mind above the average at once. He was of moderate stature but immediately started taking daily swims in Silver Lake and the fresh water seemed to agree with him for he at once sprung up like a young sapling until he could look down on the tallest boys at the University. Maybe the salt water in the Gulf of Mexico had stunned him, but at any rate he now has the honor of being not only the tallest Senior but also student.

Y

JAMES PEYTON HANSARD—Ashburn, Ga.
A.B. COMMERCE
Alpha Lambda Tau

"We grow stronger thru' doing things"

Sigma Lambda, '25, '26; Petrel Staff, '24, '25; Golf Club, '25; Boxing Team, '22, Sophomore Council, '23.

"Pat", as he is known at Oglethorpe, is as fine a fellow as anyone wants to meet, and during his stay at College has made many life long friends and held numerous offices. Dr. Jacobs considers "Pat" his right hand man, as he has been in charge of the school's printing office which is the Doctor's favorite hobby. "Pat" was elected editor of the Yamacraw this year and was the logical man for the place, but due to his heavy course this year, and the time that was required for the printing office, he was forced to give it up, much to every one's sorrow.

J. LAMAR JACKSON—Lawrenceville, Ga.
A.B. SCIENCE
Delta Sigma Phi

"Is truth a thing to hide in a ginger jar and place upon a high shelf?"

LeConte Club; Student Instructor in Chemistry.

As the above verse indicates, Lamar was always on the search for the truth as he found it, and was never afraid of it when found. There are very few students who ever excelled Jack in the study of science. He was assistant instructor in Chemistry and took all Biology offered at Oglethorpe. In the study of Cosmic History he not only read all the parallel reading but searched throughout the Library for all reading on this subject. Jack is a student of the highest calibre and is sure to meet success in his chosen field of science.

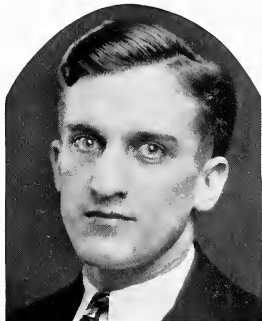

Y

WAKEMAN LAMAR JARRARD—Tate, Ga.
A.B. COMMERCE
Delta Sigma Phi

"Trust everybody, but always cut the cards."
Manager Football, '25; Assistant Manager Baseball, '24; Business Manager Yamacraw, '26; Assistant Editor Petrel, '25; Players' Club, '25, '26; Blue Key Fraternity (honorary).

Wakeman Lamar Jarrard was too much name for a bunch of college boys to use, so they christened him "Jack." "Jack" has been a live wire in the true sense of the word while at Oglethorpe. In fact, there are very few of the college activities on the campus that he has not engaged in, one way or another. Another good way to judge a boy at the University is his standing with members of the faculty and here Jack scores a hundred. Thus, for not only the faculty but the student body swear by him. He is also a Mason.

HOLMES DUPREE JORDAN—Atlanta, Ga.
A.B. COMMERCE
Pi Kappa Phi

"There are two qualities that are property of only strong men: confidence and resignation."

Editor-in-chief Yamacraw, '26; President Debating Council, '26; Sigma Lambda Literary Society; Petrel Staff, '23, '24, '25, '26; Players' Club, '23; Blue Key Fraternity, (honorary).

DuPree came to Oglethorpe from Boys' High and a better representative can't be found. He has, though constant work during the summer selling magazines, paid his entire college expenses. Men of this calibre are always welcomed at Oglethorpe. DuPree has especially taken an active interest in the literary organizations being the prime member of the debating council and a valuable member of the Sigma Lambda Literary Society and also acted as editor of the Petrel in 1925.

Y

WINFRED H. KENT—Norcross, Ga.
A.B. SCIENCE

"Be gentle and keep your voice low."

LeConte

There are certain boys in all colleges and groups of boys that select a few close friends and live with and for them. Kent was of this nature and had a few select friends that he literally lived with and they all swore by him; for he was as loyal a friend as any one wishes to find.

Kent was a diligent student and excelled in science. There was only one college activity that he was out for and that was scholarship, but he was very successful in this, as his record will show. Kent expects to follow the field of science.

ROBERT EDWARD LEE—Forest Park, Ga.
A.B. COMMERCE
Non-Frat Club

"The achievement is more than the public acknowledgement of the deed."

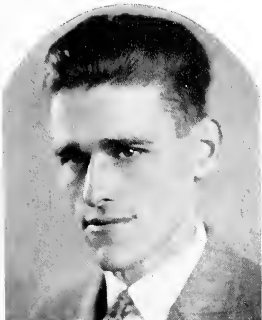

Orchestra '23, '24, '25, '26.

Robert was born on Friday, the 13th, but it has never seemed to effect his luck as he is one of the most talented musicians that ever attended Oglethorpe. For four years he has played the clarinet in the Stormy Petrels Orchestra, and puts life and charm in the music that is dearly loved by all.

During Robert's stay at the University he has played in most of the leading orchestras of the city, including the Howard, Metropolitan, Vic Meyers, Biltmore, and Twentieth Century Orchestra. He is also a Mason, a member of Atlanta Federation of Musicians and Local 148 A. F. M.

Y

ROY MONCRIEF LEE—Forest Park, Ga.

A.B. COMMERCE

"The voice should be the sounding-board of the soul."

President Non-Frat Club, '26; Orchestra, '23, '24, '25, '26; Student Faculty Committee, '25, '26.

Roy has very strong likes and dislikes, but of all things he dislikes most, it is an affectations person. He is frank, outspoken and a true friend.

He has a keen sense of humor as you can tell by the following, "I was born in the thriving city of Forest Park, Ga. early in life. Took advantage of the schools of the city, was then entered in Lanier University and from there posted to Oglethorpe".

Roy has also been some what of a "joiner," belonging to the Masons, Knights Templar and American and Federation of Musicians.

WILLIAM ATKINSON LEE—Forest Park, Ga.

A.B. COMMERCE

Non-Frat Club

"Character is the diamond that cuts all stones."

Will's last name is Lee and he is a brother to John Lee so therefore he is a musician by birth and couldn't help it. We do not know whether having Lee for his surname had anything to do with him having such a sterling character and being the gentle gentleman that he is or not for it does seem that he was born that way, too.

Will believes that in order for anyone to be happy one must work. How happy Will must be for he is constantly busy. He is secretary of the Masonic Club and Senior Historian.

Here is a man from South Carolina, who not only admits it but brags about it. He is a booster for everything he belongs to from his home town up. To hear "Coonie" talk, you at once know that Union, S. C. is the most thriving city in the universe, that Oglethorpe is the highest standing college, that Pi Kappa Phi is the best fraternity and the Lord's club composed of the finest boys anywhere. In some things his arguments are rather forceful.

Senior Class History

"THERE IS NOTHING PERMANENT EXCEPT CHANGE."

The joys of life are many—its privileges great—its pleasures manifold and intense; yet even throughout all of its happiest hours and most hilarious rejoicing, comes to the thinking mind, the sad and certain wail, "*This too, shall pass away!*" We cannot escape from this inevitable fate, no matter how earnestly we may endeavor so to do for all things human are mortal. Since entering Oglethorpe as Freshmen in the fall of 1922 we too have undergone spiritual, intellectual, physical, and numerical changes until we have at last reached the goal of Seniors. So we are Seniors.

Let us now take a retrospective view of our achievements, both individually and collectively, during our college career. As Freshmen we were not the largest class to enter Oglethorpe, yet according to Dr. James Routh, we were the most intelligent looking class that ever trod the campus. The Sophomores, however, lost no time in impressing our freshness upon us.

We were soon represented in every phase of college activity. We contributed able members to the debating team, players club, orchestra, football, baseball, co-ed basketball, and tennis teams. Our tennis team composed of Brewer and Ingram won the championship for the 1923 season.

As a class we took the initiative and abolished the time-worn custom of hazing in all forms, together with the obnoxious "rat court." During our Sophomore year we abided by our legislation true to form, with the exception of one memorable night in which we attempted to exercise authority over the Freshmen. But alas—to our dismay! We were outnumbered three to one and the outcome of the battle that ensued is too well known and needs no repetition, for it could easily be guessed.

Our debating team of 1924-25, composed of Bishop, Orovitz, and Jordan, all members of the class, accomplished the most outstanding feat of the year by defeating the teams of Sewanee, Maryland and Dahlgonega.

We were represented in the Players Club by Corliss, Cornwell, Elder, Gay, Goldring, Holcomb, Jordan, Robert Jackson, Nichols and Wimbish. Those taking major parts were: Elder, Holcomb, Jordan, Robert Jackson, and Nichols. Corliss rendered invaluable aid to the club in his untiring efforts as stage manager for three years. Two of the three Spring plays of 1924 were written by class members, "*Seeing God*," by Gladys Hurtell, and "*Set for Midnight*," by Harden and Cornwell; while the music for the third play was composed by Thelma Doyal.

In both of the S. I. A. A. championship football teams, we were most ably represented by Corliss, Cooper, Nix, Parrish, and Perkerson. To our Southern championship baseball team, we contributed Wall and Lindsay.

During our Junior year we lost several of our most brilliant class members. Bagwell, Bentley, Bishop, Coles, Cornwell, Ford, McCormack, Orovitz, and Wilkes entered the class of '25 by continuing their scholastic work through summer school sessions. Robert Jackson and Carl Sisk, two splendid young members of our class, were unfortunately taken from our midst by the hand of death. Although separated from our realm, yet their memories shall remain dear to us always.

Those making the coat-of-arms sweaters, which is the highest award for scholastic attainments that our Alma Mater can confer, were: Bentley, Cooper, Antilotti, and Nichols. Our members of honorary fraternities are: Corliss, Gay, J. L. Jackson, Lyon, and Vincent.

The predominance of the class is evident by the number of leaders of student activities which have sprung from our ranks during this year. Du-Pree Jordan was president of the debating council; Leila Elder, president of the Alpha Kappa literary society and mother of the co-eds; Charles Corliss, president of the student body; Roy Lee, chairman of the student council; Corliss, president of the Players club; Mary Nichols, captain of the basketball team; and Jordan, editor of The Yamacraw.

Looking back at our college life, we cannot get away from the fact that it has been, to all of us, a source of blessings and rejoicings. We are not so puffed up with pride as to imagine that our class will occupy the highest place in the records of this university; still we have good reasons to believe that we have struggled perseveringly and bravely. And we trust that the ending of "this, our lesson," will be the beginning of another life that will enable us to build upon the foundations laid while students of Oglethorpe.

*"Our task is done, our song hath ceased, our theme
Has died into an echo; it is fit
The spell should break of this protracted dream.
The torch shall be extinguish'd which hath lit
Our midnight lamp—and what is writ, is writ;
Would it were worthier! but we are not now
That which we have been—and our visions flit
Less palpably before us—and the glow
Which in our spirit dwelt is fluttering, faint, and low.
Farewell! a word that must be, and hath been
A sound which makes us linger;—yet farewell!"*

WILL A. LEE, Historian.

"Gone"

FOR THE CLASS OF 1926

*GONE! and there's not a gleam of you,
Faces that float into far away;
Gone! and we can only dream of you,
Each as you fade like a star away;
Fade as a star in the sky from us,
Vainly we look for your light again;
Hear ye the sound of a sight from us?
"Come!" and our hearts will be bright again.*

*Come! and gaze on our face once more,
Bring us the smiles of the olden days;
Come! and shine in your place once more,
And change the dark into golden days.
Gone! gone! gone! Joy is fled for us,
Gone into the night of the nevermore,
And darkness rests where you shed for us
Alight we will miss forevermore.*

*Faces! ye come in the night to us;
Shadows! ye float in the sky of sleep;
Shadows! ye bring nothing bright to us;
Faces! ye are but the sight of sleep.
Gone! and there's not a gleam of you.
Faces that float into the far away;
Gone! and we only can dream of you
'Till we sink like you and the stars away.*

Junior Class History

Out of the one hundred and sixteen members of the Freshman Class of 1923 only 45 remain. As the gold is left after the panning so have these Juniors struggled through three years of their college career. The class is made up of boys and girls who can think for themselves. Their three years work in the various activities at Oglethorpe is a manifestation of their effort.

The Class of '27 plays a big role in athletics at Oglethorpe. It's members represented in varsity football are: Hardin, Redfern, Justus, Campbell, Cousins, Carrol and Slayton. The class is represented on the first official basketball team by: Campbell, Cousins, and Chestnut. In baseball we have: Terrell, Cousins, Campbell, Justus, and Chestnut. In track the Junior Class has outstanding members in Barber, Boone, Captain '25; Burton, Captain '25; and Heath, Captain-Elect '27. Ione Thompson represents the class in co-ed basketball.

Our class is not only represented in athletics, but also in the academic activities. We have the following on the Petrel Staff: Duke Terrell, Editor-in-Chief; Kay Bosworth, Assistant Editor; and J. P. Nation, Business Mgr.

Also are proud to have two members on this year's Yamacraw staff: George McMillan, Assistant Editor; and Luther Wright, Assistant Club Editor.

On the debating team we have Bannister, Ginn and Edge. Of the three plays used by the Players Club last year and staged at the Atlanta Theatre, two were written by members of our class. They were Oliver Grambling and Josephine Eichberg.

It is very interesting to note that about 20% of the Juniors are working their way through college.

There is one member of the Class of '27 whom we should not forget, that is Ed Miles. He is an ideal student and man, organizer of Tri Mu Junior Sunday School, the first successful class at Oglethorpe. Ed puts his whole heart and soul into an undertaking and is deserving of the greatest praise.

Next year we shall enter into the inheritance of the Senior life, and if the past is any key to the future the Class of '27 is destined to do it's bit for the Alma Mater.

Sophomore Class History

Our class, the largest in the history of the school, maintains an interest in activities that is rarely equaled. In football we were represented on the varsity squad by: Andy Anderson, Hancock, King, Goldsmith, Garlington, Gordy, Guthrine, Grimes, Hutson, Perkins, Bob Shepherd, White, and Mosely. Those winning letters were: Goldsmith, Guthrine, Garlington, Gordy, Mosely, Perkins, Bob Shepherd, and Cliff White.

Oglethorpe's first varsity basketball squad was made possible by: Garlington, Black, McKissicks, and York.

The 1925 Freshman baseball team composed of: York, Garlington, Hutson, Hugh Buchanan, Minhinnett, Alton Allan, McKissicks, Earl Shepherd, Boswell, Gilreath, Hancock, Anderson, and Wingo, played the leading college Freshman and Prep School teams, and won fourteen of the nineteen games played.

The school spirit for the last two years was strengthened by Cheerleader Red Beuchler and O. E. White as his assistant.

On the co-ed basketball team we were represented by Evelyn Hollingsworth.

In the movement for the establishment of the honor system in 1924, our class is to be commended for its rapid move to adopt and maintain this system, having pledged ourselves in a class meeting to uphold the standards that we believe necessary for the good of Oglethorpe.

The able officers of our class this year are: John Glodsmith, president; Brant Boswell, vice-president; Bob Grimes, secretary and treasurer; and Roy Hancock, our representative on the Student Council.

In journalistic work, Homer Gramling served as temporary editor-in-chief of the Petrel, being assisted by Wayne Trayer and Frank Gordy. In the business department we have Roy Hancock and Red Beuchler. In the 1924-25 Yamacraw staff "Baby" Spencer and W. F. Underwood are on the Art staff.

In the South's best college orchestra we had: Paul Landen and W. F. Underwood.

Action, showing the initiative of the Sophomore class was demonstrated by the baldheads of this year's Freshman class.

Freshman Class History

September 23, the Oglethorpe campus was dotted with one hundred and twenty wild-eyed and inquisitive newcomers, darting here and there to arrange our program for the first year at the University.

The Sophomores, victims of the previous year, were ever ready to extend to us a welcome and to carefully explain the traditions of the University. The first day we swarmed to the Co-Op to purchase our Freshman caps.

Much to the dismay of the excited Freshmen, hair clippers were brought into play by the Sophs, and within the first three days after the opening of the school doors, we were minus out patent leather hair.

After the first two weeks of the school term, we gathered in the chapel, and with several Sophomores taking charge of affairs, elected officers of the class. Heyward M. Thompson was elected president; Odel Andrews, vice-president; and Clark Taliferro, secretary and treasurer.

The Sophomores were offered a real treat by our class during the early part of the first term when we presented a minstrel in Chapel, entertaining a packed house for more than an hour. The show was entirely original and was successfully staged only through the untiring efforts of the cast of more than fifteen Freshmen.

Our athletes, whom we hope to witness in action in varsity uniforms within the next two years, established a wonderful record for Oglethorpe in football and basketball. In the two sports the frosh attracted attention throughout the South.

The football team, captained by Jake Malsby, wended through an eight-game schedule, winning four contests, losing two and tying the score in the remaining two games. A total of 140 points were piled up against 40 for the opposition.

Our basketball five, the first to represent a Freshman class, fared well on the court, and made a record that will long be remembered. The season was completed without a single defeat.

Undoubtedly we have the biggest array of outstanding college specimens of any institution, and if we remain banded together with the same Petrel spirit prevailing, the class of 1929 will step out into this world to bring fame and honor to the principles and teachings of Oglethorpe University.

—HEYWARD M. THOMPSON.

CHARLES CORLESS
Alternate Captain and Tackle

"Chuck" has won all sorts of honors in school, and not the least of them are those won by his work on the grid iron. "Chuck" could always be relied upon to give a good account of himself, and his departure this year is a real loss to the school.

"Bob" is the smashing, crashing type of fullback that the fans enjoy so much. He was handicaped this season by having to contest with captain Kilgore for a place, but now that Kilgore has finished his career, it is largely upon "Sheps" capable shoulders that the plunging work will fall. He should spring into the prominence next year that he almost obtained this year.

ROBERT SHEPPARD
Fullback

CLIFTON WHITE
Halfback

"Whitey" is a fine type of plunging half-back, and was one of the hardest workers on the squad. He has in him the making of a brilliant back, and Oglethorpe students are counting on him to bring it to view next season. "Whitey" is a quiet and peace-loving boy in school and on the campus, but he is a regular terror on the gridiron.

Clay finished out his third season as a star end, and his mates honored him by electing him alternate captain for 1926, which season should be even greater than those in the past. If Clay isn't chosen on the mythical ALL-S. I. A. A. next year it will be a surprise to those who have watched him play.

CLAY CARROLL
End

DEWEY JUSTUS
Tackle

"Uncle Dewey" was so good at both guard and tackle that Coach Robertson decided to use him at both places. On the offense Dewey ran from tackle, and on defence he played guard. Dewey also finished out his third year on the varsity, having won a place there his freshman year. "Uncle Dewey's" humor lightened the ardure of pratice for all the rest.

"Caruso" was pronounced the lightest and frightingest guard in the whole South, and certainly he deserves the title. "Caruso" was always in the thick of the fray and his words of encouragement proved a great aid to his teammates. He is another that should win a place in the AA-S. I. A. A. next year, and his many friends are counting on him to do it.

GEORGE HARDIN
Guard

Y

THOMAS WALSH
Halfback

"Tuley" was the fastest man on the squad with the exception of Maurer, and his fleet limbs were responsible for many a gain during the season. Especially notable was his work against Tech and Mercer. He is the one man that coach thinks may ripen into another Maurer and we are counting on him to do it next season.

"Ed" won for himself an undisputed varsity place this year, partially by virtue of his ability to carry the ball, but chiefly because of his excellent interference work. "Ed" was also the relief quarterback, and termed the hardest tackler on the outfit. He should shine brilliantly next season.

EDWARD GARLINGTON
Halfback

MILTON SMITH
Halfback

"Muggs" came to Oglethorpe with a reputation as a football player that it would have been hard for any man to live up to, but in the few opportunities he had to show his worth, he came through in fine style. "Muggs" was greatly handicapped by injuries throughout the season, and should he elect to return next year, may surprise even his friends.

The "Maje" was the human battering ram of the team, and it was the coach's delight to bring him from the guard to the full-back position in practice and send him at the line with his unbelievably bull-like rushes. Major should enjoy a wonderful season next year, and he should come in for consideration when the time arrives for choosing the the best man at each position among the associations teams.

MAJOR GUTHRIE
Guard

JOHN GOLDSMITH
Tackle

"Goldy" in spite of his lack of weight, stepped into the shoes left vacant by Lint Cooper and handled them in fine style. "Goldy" is said to be the grittiest boy on the squad, and the coaches have great difficulty in making themselves know when he is injured; but then "Goldy" never talks about anything, and his longest speech is "Hello" and "Goodbye."

"Roly-Poly" was being groomed as Maurer's understudy for this year, but after the season ended last year, he pulled a ligament that required an operation on his knee. This slowed him up a lot, but he still managed to render valuable service and is counted upon to prove a star of the first water in his next and last campaign.

ALTON REDFERN
Halfback

MARVIN NIX
End

Marvin was a fine flanksman for three years, but it was only last season that he came into his own. Just how successful he was, has been shown by the fact that he was a general choice for ALL-S. I. A. A. honors. Marvin was also a very popular boy in school. His departure this year is the cause of many regrets.

"Ike", distinguished for his versatility as a lineman, rallied to the aid of his team in the midst of the season by amply filling the center position which was left vacant by the departure of Clay Parrish. At this juncture, we are marching steadily to a second championship and the vacancy of the position placed Oglethorpe in the throes of disappointment. But "Ike" injected a feeling of confidence by substituting and playing a brand of ball equal to the ability of Parrish. "Ike" has one more year to play for the Gold and Black. And he is expected to better his performances for the past years.

"IKE" COUSINS
Center

"Bill" came to Oglethorpe in 1924 from Tech High School as a thorough student of football as well as classics. And he furthered the reputation by exceptional performing as a member of the Frosh eleven. Again this year "Bill" forged to the front, winning the coveted "O" as member of the varsity squad. He is a member of the array of Sophomores who won places on the squad. "Bill" is a tower of strength and a player of marked ability behind his muscular development. Before the end of his career, Oglethorpe is sure to be blessed with a second line demon of the Parrish caliber.

BILL PERKINS
Tackle

LOUIS MOSELEY
End

Frank was another one of the distinguished Sophomores to land a berth on the squad via stellar football. He displayed his wares as a defensive player, winning the commendation of many Petrel enthusiasts as lineman of the first water. Frank came to Oglethorpe from Columbus High School, captaining the team of that school in 1922. In his freshman year he participated in only a few games due to a seriously injured leg, procuring the hurt early in the season.

Football Review

S.I.A.A. CHAMPIONS

Under the leadership of Coach Harry Robertson the Oglethorpe football team fought its way to a second successive S. I. A. A. championship, in spite of the fact that it lost its captain, Clay Parrish, and its tackle, "Lint" Cooper, in the middle of the season.

The first game, was with Tech. Greatly outweighed, they were forced steadily back during the early stages of the game, and it looked for a time like a walk-away for the Jackets. But with the score 13 to 0 against them the gallant Petrels began again to fight. Every heavy onslaught of the more powerful team was met with a spirit of desperate effort that would not be denied, and Tech's scoring was finished. Toward the end of the game, successive runs by Maurer and Walsh placed the Petrels in the scoring zone, then Maurer flipped a pass to Campbell who swept out wide, and the little quarterback scampered across the line. The goal was kicked and the score stood, Tech, 13 Oglethorpe, 7, at the final whistle.

Howard College, in Birmingham was next. Early in the game Baneroff, Howard quarter, slipped through for a score. Howard took the lead, 6 to 0, and began then to play inspired football. The efforts of the Petrels to score were in vain, but late in the second half Adian Maurer was rushed into the lineup. Immediately he began one of his sensational marches down the field which culminated in a beautiful zigzag run of 57 yards for a touchdown. Goal was kicked by Campbell and the game was won 7 to 6.

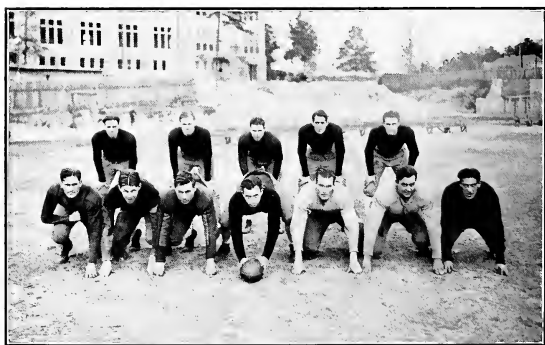

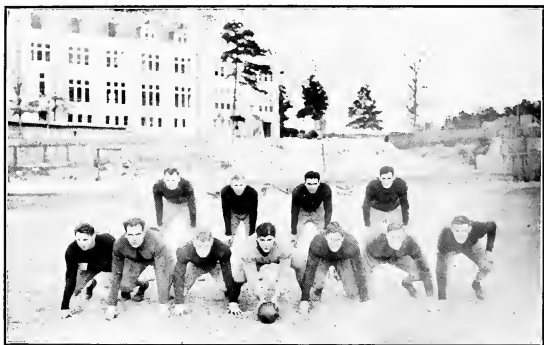

The biggest surprise of the season came in the Centre contest, when the Petrels walked over them for a 20 to 0 shutout. The whole team played brilliantly. Next came the heavy Fort Benning soldiers, one of the best teams in the country, who trampled the Petrels, 27 to 7. Wofford sprang a surprise by holding the Petrels to a 13 to 7 score, also leading them 7 to 6 until late in the game when brilliant runs by the incomparable Maurer resulted in the winning touchdown.

The Citadel was next, and here the Petrels annexed a 7 to 0 victory. The trip to Clinton for the game with Presbyterian College brought a few hours fear for the hopes, as they held the lead on the Petrels until the last few minutes of play when a field goal by Campbell overcame their lead and won for Oglethorpe, 17 to 16.

Then the big game with Mercer, when the Petrels met their only S. I. A. A. defeat, 21 to 6. The Bears outplayed them, but the Petrel's team of that day was not one that so easily defeated Centre.

The Thanksgiving game at Chattanooga was another thriller in which the Petrels had difficulty in gaining a victorious verdict, amounting to 6 to 3. It was again the splendid work of Maurer that made victory possible.

The post season game with Rollins College in Miami proved easy, and the team played the best ball of the season on a muddy field. The Petrels won, 13 to 0.

Basketball Review

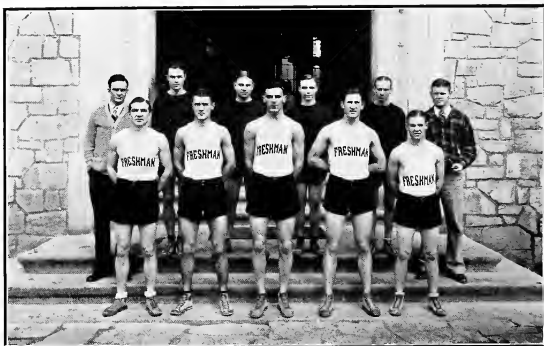

The first varsity basketball team ever put out by Oglethorpe was further handicapped by the fact that they could not begin practice until late in the season of their premier year. In spite of this, however, Coach Harry was able with the fine material offered him to mold a very worthy team.

Not many games could be scheduled, because when the Petrels finally got their court ready for work, all the other colleges had completed, or nearly completed, their schedules. Two games were obtained with Mercer: the perennial and age-old rival of the teams. In the first, the Bears, with one of their usual sterling teams, gained the verdict by a 37 to 24 count, and at this writing the second had not been played. The Petrels were determined, though to even the count on their home court.

Another S. I. A. A. team to be played, was the University of Chattanooga, and once again the Petrels were forced to bow to the superior training of a team whose season was unhampered, and the Chattanooga boys edged out in the lead, 26 to 21. They knew though at the finish of the contest that they had met a real basketball team, and they so expressed themselves.

Because of the incomplete season, and the great number of handicaps under which the first Petrel team labored, not much can be said of them, but with a freshman team on hand which defeated this year's varsity, the prospects for 1927 are bright indeed.

Coach Harry has already promised that he will again be on hand, and this assures the Petrel of one of the best mentors and some of the best material in the South.

Freshman Basketball

The Oglethorpe Freshman basketball was the best ever put out at the Petrel institution, and won for itself an undisputed claim to the state title, and a record as good perhaps as that of any other first year club in the Southeast. In the thirteen games played, they scored a total of 524 points to 290 for their opponents.

Besides the strong prep teams of the state that were defeated by the Petrel yearlings, wins were annexed over the rats of Georgia Tech, Georgia and Mercer. The only loss of the season was to the Georgia rats in Athens, a close hardfought game there ending, 34 to 30 against the Petrels. A sweet revenge was won though, when the Bullpups came to Oglethorpe for a return game, and the Oglethorpe boys trounced them decisively, 54 to 45. Tech, ancient rivals of Oglethorpe, was twice defeated, 25 to 14, and 39 to 19. This, alone would have made a successful season so far as a lot of Oglethorpe freshmen are concerned.

The personnel of the team was Captain Jack Massey, Earnest Sheridan, "Bo" Slater, Bill Moore, and Joe Fine, forwards; Floyd Bass, center; and John Bell, Heywood Clements, and Bill Taylor, guards

The team was coached through its very successful season by George Hardin, Oglethorpe football star, who proved very efficient in his first year as a mentor. A great varsity is expected next year with the addition to those eligible of these fine men.

GUS HAMRICK
Manager

"Gus", through faithful and zealous work for three years, was given charge of the managerial reins of the 1925 baseball team champion nine of the Southern Intercollegiate Athletic Association. With out a doubt, Gus is one of the best workers on a baseball field that we have had the opportunity to see in action. He developed a keen eye to the baseball in his early years of experience and, last year, handled perfectly the execution of the managerial duties.

ROSS KEMP
Captain and left field

"Old Folks", as Ross was affectionally called, rarely ever was guilty of miscue. In fact, if he ever was, it was back beyond the memory of his friends. Some people thought Ross was slow, but the way he covered the ground out in left field robbed many an enemy of a sure hit.

HARLE WALL
Captain-elect and Shortstop

Harle, along with "Jay" Partridge, formed what was commonly spoken of as the best keystone pair in college baseball, and we are sure that such speakers were absolutely right. Although "Jay" was lost by graduation, Harle is back and will lead the 1926 nine. We know that he will make a good captain as he has always been a good player.

Y

R. D. TERRELL
Right field

"Duke" was one of the classiest bunters in college baseball and could always be counted on to reach first. His "heads-up" counted on to reach first. His "heads-up" baseball usually enabled him then to work his way around. "Duke" could also field with the best of them, and the home folks breathed easy when high one was lifted to his section of the field.

CLAY PARRISH
First Base

Clay was converted last season into a first baseman, and was expected to take another turn this year in a backstopping position, but unfortunately left school in the middle of the football season. This was a sad blow to Oglethorpe, because he was not only captain and a star on the football team, but also the captain of this year's nine. Clay was the "Babe Ruth" of college ball.

"LEFTY" WILLIS
Pitcher

"Lefty" could easily and without contradiction be termed one of the best college pitchers in the South. The very fact that he was picked up by the Pittsburgh Pirates before the end of his college career would prove this. "Lefty", more than any other man perhaps, was responsible for Oglethorpe's great baseball season.

"JAY" PARTRIDGE
Second Base

"Jay" was not only the best second baseman ever to play for Oglethorpe, but also one of the most popular boys ever to attend our school. His many friends are following his professional career, as the property of Brooklyn Robins, with a warm interest and a confidence in his ability to make good.

"TRUCK" PORTER
Catcher

"Truck" will always be remembered for the fact that he had one of the deadliest throwing arms ever seen in this section. It was almost sure death for anyone to try to steal on him, and few did. "Truck" is the third of last year's nine who was grabbed by the major leagues. He went to St. Louis Browns, and from all reports made a very favorable impression on the fans of the Big Show.

ADRIAN MAURER
Third Base

The great speed that made Adrian so famous on the football field also made him a threat in baseball, and the opposing teams took the utmost care not to let him get on the sacks. Once he did, it usually meant that he would race his way on home.

Adrian proved himself to be a very valuable man to Oglethorpe.

I. W. COUSINS
Center Field

I. W. was one of the most natural hitters on the team, but it seemed that hard luck would persistently dog him for the majority of his rifle-like cracks went straight into the hand of the enemy. Enough of them, however, went free to help in winning several games for the Petrels, and he is counted on even more for the 1926 nine.

JOE BARTON
Center Field

Joe alternated with I. W. Cousins in center field, and although he could not hit the apple with the same ability that I. W. showed, he held a decided edge on his rival when it came to fielding and base running.

DAVE BARBEE
Pitcher

Unfortunately, Dave was in bad health most of the year when he should have enjoyed his greatest season. But even his bad health did not prevent him from putting down the Georgia Bulldogs in the last game of the season by besting "Bill" Mundy in a stirring twirler's duel.

"LEFTY" LINDSAY
First Base

"Lefty" won quite a name for himself as a pinch hitter and general utility man. Towards the last of the season he got into the battles more regularly and showed his stuff to such an extent that nobody is worrying about first base problems for the 1926 season.

THAD BUCHANAN
Pitcher and Infielder

Whether Thad was playing third or pitching, he could always be counted on for good work, and the way he used to burn 'em over to first from third always made the guardian of that sack take off his mit and cool his palm. "Buck" is going to pitch in 1926 and it is upon him that the hopes of the Coach largely rest.

CHARLIE FERGUSON
Pitcher

Charlie was another infielder who, upon short notice, was converted into a twirler. This proved a wise move. Charlie did yoe-man service on the mound all season, and rid himself of several corking good games which prevented Willis and Barbee from being overworked.

Baseball Review

Dixie Champions

From the opening of the 1925 season with a fine victory over the strong Ohio State nine—a slugging match that ended 14 to 13—to the equally fine victory over the Georgia in the final contest of the season, Oglethorpe played the brand of ball which has made her nines famous through out the country.

To Coach Anderson must go a lot of credit, but it is also true that he had a set of real baseballers with which to work. To turn out two championship nines in successive years at a school that is hardly a dozen years old, speaks eloquently of his ability.

Although the 1925 title was in a muddle because no team came through with a clean slate, Oglethorpe certainly had as good a claim as any one else.

The season started with Ohio State. The first game Oglethorpe won, 14 to 13; but in the second the northerners were victorious, 7 to 5. Then Dartmouth took the only series the Petrels lost, in two straight victories of 4 to 3 and 6 to 0. Indiana was next, and in the only game between them the Petrels gained the verdict, 2 to 1.

This was followed by a loss to Fort Benning, 9 to 6, but the Stormy Birds came back on the next day and walloped the soldiers to the tune of 9 to 0. Then Howard College fell victim to the Peachtree Road sluggers in two straight games by the large scores of 11 to 12, and 12 to 3. The following week Vandy came to Oglethorpe and was badly treated on both days. The Petrels winning 10 to 0, and 9 to 5.

And then the big game with Tech! In the first, a real thriller, Tech was finally the victor, 8 to 7. With "Lefty" Willis in the box the next day the Petrels won sweet revenge by beating them 4 to 1. Four games with Merce resulted in the Petrels taking three by scores of 14 to 7, 7 to 6 and 6 to 4; and losing one, 11 to 10, after running up a big lead in the early stages of the game.

The journey to Vanderbilt proved disastrous as Vandy took them both, 11 to 1 and 11 to 8. Apparently maddened by this the Petrels jumped on Union the following two days and pasted them twice: 7 to 0 and 12 to 3. Howard was again beaten twice, and strangely enough by the same score in both games—8 to 1.

The wind up of the season, and the crucial tests so far as the Petrels were concerned, came in the two contests with the Georgia Bulldogs in Athens. On the first day, with the invincible "Lefty" Willis the boys won 4 to 1. And to round out the good season in proper style Dave Barbee on the next day forgot his ailments and turned the Georgia boys back by 3 to 1.

Although the entire squad played good ball, the outstanding men of the season were Willis, Terrell Parish, Partridge, Wall and Porter.

The Cross Country Review

Oglethorpe also possessed in '25-26 its most successful cross-country team, and this in spite of the great lack of proper facilities.

Under the leadership of Coach William Shands, and Captain William Burton, the candidates who responded to the initial call molded themselves into a formidable aggregation.

In the try-outs held on the Oglethorpe campus, Herbert Libby came through in the lead and won for himself a varsity letter. Running second and third, respectively, were Ralph Heath and Captain Burton.

The first meet held in Macon, between the halves of the Mercer-Furman football game. The only man of Oglethorpe to place in this meet was Earl Shepherd who came in third. Running as they were, on a course entirely new to them, and after a hard trip down there, the Petrels did as well as could reasonably be expected.

The second meet, a return with Mercer, was also lost with Earl Shepherd again placing third, and again being the only Petrel to show.

Several practice meets were held to round out the season, and the prospects for next year, with every man returning, are usually good. Ralph Heath was elected to Captain the '26-27 squad. Now that the sport is firmly established at Oglethorpe more representative meets will be arranged for the coming season.

ESTABLISHED AT OGLETHORPE UNIVERSITY, 1920

COLORS: *Old Gold and Black* FLOWER: *Black-Eyed Susan*

The Boar's Head was founded at Oglethorpe in January, 1920, and was the first honorary club to be organized. Only men who have been prominent and successful in academic life and the various college activities, are eligible.

The title of the organization is taken from the coat-of-arms of the University, a boar's head being a prominent figure of the escutcheon. The University's aemorial bearings are copied after those of the family of James Edward Oglethorpe, for whom our University is named.

WE HAVE furnished a complete service to the management of "YAMACRAW" 1926. All the extra art work, the engraving, printing, and the binding of this book were done in our plant—all under one roof and under the supervision of annual men of experience.

We are prepared to furnish a complete line of stock inserts, borders, panels, instruction books and many other necessities to an annual staff.

We sincerely hope the management of "YAMACRAW" is satisfied with the product of our efforts and that the incoming staff will confer with us before committing themselves on next year's contracts. Don't fail to let us know when you can see our representative.
